A quote from Pope Francis:

"It is absolutely necessary, therefore, to deal with the causes which trigger migrations in the countries of origin. This requires, as a first step, the commitment of the whole international community to eliminate the conflicts and violence that force people to flee. Furthermore, far-sighted perspectives are called for, capable of offering adequate programmes for areas struck by the worst injustice and instability, in order that access to authentic development can be guaranteed for all. This development should promote the good of boys and girls, who are humanity's hope."
